

June 10, 2014

PRESS RELEASE

Spanopoulos group having successfully participated in the International Shipping Exhibition POSIDONIA 2014 in Athens, from 02 to 06 June 2014. Our subsidiary company, HYDRAULIC TECHNOLOGY, as well as our partners WAHOO RIBS LTD & FLEMISH MARITIME CLUSTER, was also exhibiting on our own stand.

Our booth received high visibility and attracted the interest of many visitors who deluged with questions, mainly about our new shipyard and our projects' objectives.

Greek Prime Minister, Antonis Samaras, together with Shipping and Aegean Minister, Miltiadis Varvitsiotis, & the 1st Deputy Speaker of the Hellenic Parliament, John Tragakis, visited our stand and expressed their positive comments for our contribution in the marine industry sector.

Many government officials, local ship-owners, partners and visitors from abroad also visited our stand at the Athens Metropolitan Expo, in order to be informed about our services, discuss possible cooperation & make deals during this international five-day event.

With our participation in POSIDONIA 2014 we received a strong message verifying that with good work, the right approach and the creation of appropriate conditions, DEVELOPMENT can become a real destination for our country.
